

Ecological, efficient and able to stand in line

---

# DIVIDER lineUp

- Fast and ergonomic loading
- Product flexibility
- Large chamber in small place
- Hygiene design
- Ecological and efficient

# High performance in line

## Benefits at a glance:

- High product flexibility
- Line compatibility with scale, cross sorter and belt
- Easy cleaning thanks to the well-proven hygiene design
- Fast and ergonomic loading
- Maximum use of cutting chamber
- Innovative operation
- Ecological and efficient
- Space saving installation

Fast and ergonomic loading, combined with an intelligent cutting system and an astonishing product flexibility. Due to a large chamber in small place – DIVIDER lineUp stands for highest efficiency. Whether use of a long belt or in line with scale, cross sorter and belt we offer the suitable equipment. The intelligent assistance function allows easy product codes. Our well accepted hygiene design enables fast and thorough cleaning. Considering in addition the possibility of high temperature cutting there is no doubt: DIVIDER lineUp is a true high performance allrounder.
